

March 2010

On 3rd March 2010, Richard Groves joined senior representatives from Telefonica O2, including Business Sales Director, Ben Dowd, at a sponsored golf day held at Wentworth golf club in Virginia Water, Surrey.

The golf day included a coaching session from the club Professionals, before taking part in a competition with the England Rugby team.

The event, which was enjoyed by all, was a fantastic networking event and also gave Active Digital some quality time catching up with England's finest sporting stars, such as England Rugby's fly-half, Johnny Wilkinson.

Statement by Telefonica O2

'We have been impressed with the customer service provided by Active Digital and, as a result, their strong client retention record. Their client portfolio is impressive with customers of all sizes, from 5 to 3000 mobile users. It's important to us that our strategic partners share our attitude of delivering excellence to customers. By working closely with Active Digital, we gain valuable customers to the O2 network. We are committed to working closely with Active Digital to further enhance their portfolio by delivering great quality products and maintaining the high standards set. As a valuable strategic partner at the forefront of telecoms integration, we are delighted to be working together now and in the future.'

About Wentworth Golf Club

Golf at Wentworth is an experience. Follow in the footsteps of the game's great players from the last 80 years – legends such as Ben Hogan, Sam Snead, Jack Nicklaus, Arnold Palmer, Gary Player, Seve Ballesteros, Greg Norman, Nick Faldo, Ernie Els and Tiger Woods.

It's a venue where the past, present and future come together where classic, timeless golf course design and tournament heritage meets 21st century course conditioning and immaculate playing surfaces. The Club has three championship golf courses; this great triumvirate rub shoulders with one another in glorious Surrey heathland surrounded by ancient woodland of pine, oak and birch.
